About me

Front-end engineer with 3+ years of experience specializing in Angular and modern web development.
Passionate about continuous learning, currently expanding my skill set with others front-end frameworks.
I work closely with backend teams to deliver end-to-end solutions and prioritize clean architecture to build Scalable and maintainable applications.

Education

Universidad Don Bosco San Salvador, San Salvador
Engineering in the science of computers 2022 - Present

Experience

Cikume
San Salvador, San Salvador
Front End Developer July 2024 – Present

- Engineered responsive, high-performance web applications using Angular, optimizing user interfaces for seamless cross-device experiences.
- Integrated complex data structures by connecting front-end components to GraphQL APIs, reducing data over-fetching and improving load times.
- Collaborated on backend development using .NET through pair programming sessions, assisting in the debugging and optimization of microservices.
- Bridged the gap between design and development by creating high-fidelity Figma wireframes and presenting technical roadmaps to project managers and stakeholders.
- Implemented dual-layer API communication strategies, utilizing GraphQL for modern data fetching and REST/HTTP for legacy system integration with .NET.

Cloudsa Los Angeles, California
Remote
Front End Developer Jan 2023 – July 2024

- Developed and maintained scalable front-end architectures using Angular, ensuring 100% responsiveness and accessibility across all platforms.
- Expanded full-stack capabilities by developing and maintaining .NET backend endpoints, streamlining the development lifecycle and supporting the backend team during peak sprints.
- Visualized complex logic by designing sequence diagrams to standardize development processes, resulting in improved team alignment and faster onboarding for new developers.

Skills

Technical: Azure DevOps, Microsoft Office, Java Script, Angular, Figma, VSCode, Visual Studio, ASP .NET, Node.js, SSMS, GraphQL, HTML, CSS, Tailwind, SCSS and Bootstrap

Language: English – B2, Spanish – Native
